

1000 Play Streets | Grant Application Form

This form is for question review purposes only.

All applications must be submitted via the online form.

1. Organisation and contact details

Tell us who you are.

- Council name
- ABN
- Council office address
- Your name
- Your title
- Phone
- Email

2. Eligibility criteria

Play Australia will only accept applications from eligible organisations. Eligible organisations must be:

- An Australian local government body
- Based in the metropolitan areas of Melbourne, Perth and Brisbane.
- Also accepting applications from Logan City Council, Redland City Council, Moreton Bay Regional Council, City of Ipswich, Sunshine Coast Regional Council and City of Gold Coast in Queensland.

Please refer to grant guidelines for a full list of eligible councils.

Applications from other groups will not be accepted, however we welcome other groups to partner alongside an eligible organisation.

Acknowledgement

- Yes, I meet the criteria

3. Grant requirements

Participating Local Councils will be required to:

- Co-contribute a combination of financial and in-kind resources to the minimum value of \$20,000 (including GST) to match Play Australia's investment.
- Establish a local network group to involve key Council personnel, residents and key partners in planning pilot sessions.
- Develop local implementation plans (x2) **by 29 November 2019**
 - *These plans will include - community engagement approaches; sustainability models; key resources required and delivery plans (encompassing risk management, traffic management and control, insurances, Council permits and anything else considered red tape)*
- Deliver two regular Play Streets within Council boundaries **by 30 April 2020**
 - *Each regular Play Street is required to run for a minimum of 4 sessions at the same street location within our pilot timeframe. This means participating Councils will coordinate a total of 8 Play Street sessions across their two chosen locations.*
- Support evaluation requests (for example - participate in phone interviews or help survey communities)
- Support national profile initiatives (for example - to promote Play Streets and the value of play on social media or participate in video case studies coordinated by Play Australia).
- Cover the public liability of residents involved
- Provide traffic management plans and signage as identified
- Support traffic control implementation alongside residents
- Provide general feedback on our National Play Street package and resources
- Follow Play Australia's branding advice
- Complete a final report to capture what happened and where to next
- Track expenses and provide Play Australia with a final Certified Financial Statement **by 14 May 2020.**

Agreement

- Yes, I agree to all the above grant requirements

4. Why does your Council want to be involved in this project?

Consider your planned outcomes for council and your communities (max. 200 words)

5. Co-contribution Plans

Please insert your planned co-contributions – a combination of financial and in-kind resources to the minimum value of \$20,000 (including GST) and describe how these contributions will be allocated to support your regular Play Streets pilots.

- 5.1. Financial co-contribution: <insert value>
- 5.2. Describe how this co-contribution will be allocated (max. 50 words)
- 5.3. In Kind co-contribution: <insert value>
- 5.4. Describe how this co-contribution will be allocated (max. 50 words)

6. Play Street Locations

Please provide information regarding your planned pilot Play Street locations (x2)

- 6.1 **Play Street 1** - Name of street and suburb (if known)
- 6.2 Estimated reach (i.e. numbers of community members you expect to engage during Play Street 1)
- 6.3 **Play Street 2** - Name of street and suburb (if known)
- 6.4 Estimated reach (i.e. numbers of community members you expect to engage during Play Street 2)

7. Community First

- 7.1 Describe any internal processes you wish to implement/trial that will help reduce the red tape on communities who are involved with your Play Streets pilots (max. 200 words).
- 7.2 Describe how you intend to empower your communities to run their regular Play Streets (at least 4 sessions) within the project timeframe - by 30 April 2018 (max. 200 words).
- 7.3 Will your insurer cover the public liability of residents involved in your Play Streets? <Yes | No | Unsure>

8. Insights

- 8.1 Provide insights as to why you have chosen to target these two streets/communities? (max. 200 words).

For example- pinpoint evidence that shows target communities are physically inactive, socially isolated and/or have inadequate access to green space etc...

9. Capability

- 9.1 Identify your project lead and describe their capability to deliver the two local pilots (max. 200 words).
- 9.2 Identify who will be on your internal working group and share any of their previous experiences in delivering street play or road closures (max. 200 words).
- 9.3 Identify your community drivers (champions) and describe how they will support connections to neighbours and locally-led sustainability (max. 200 words).
- 9.4 Identify and describe any unique partnerships planned to support outcomes (max. 200 words).

10. Final comments

Please provide any additional information you feel we should know to support your application (max. 200 words).
