

## MAKE A PLAY CHATTERBOX

### DIRECTIONS

1. Cut out the whole square chatterbox on this sheet.
2. With the printed side up, fold in half to make a rectangle, then half again to make a square. Unfold back to original.
3. Turn over so the top is blank and fold each corner into the middle.
4. Turn paper over and repeat step 3.
5. With the numbers facing up, fold in half.
6. Slide your thumb and your index finger behind two of the squares and press together so they bend around and touch.
7. Repeat with the thumb and index finger of your other hand for the other two squares.
8. All the squares should now be at the front with the centres touching. You're ready to use your chatterbox!
