

Intentional Teaching

Promoting purposeful practice in early childhood settings

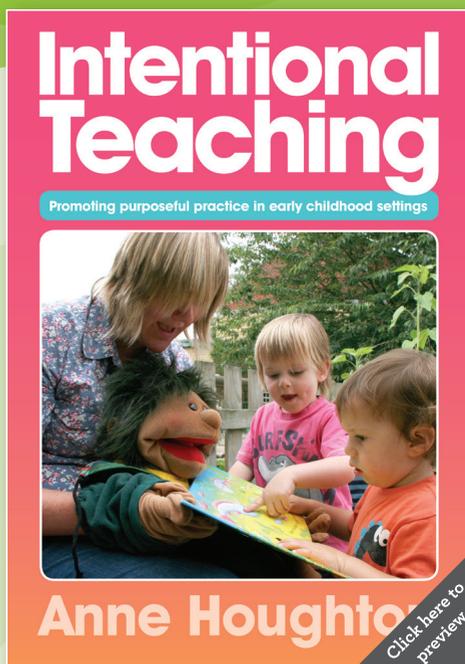

by Anne Houghton

Intentional Teaching helps educators in all settings to understand the principles of intentional teaching and highlights how intentional teaching practices can support learning outcomes for children.

It includes:

- shared understandings of intentional teaching through conversation and reflection with many educators.
- a portrayal of real and meaningful stories that highlight the ways in which educators have been intentional when planning for education and care with children
- practical strategies with insight, humour and common sense which will resonate with educators of all levels.
