

Vacation Care Groups – Holiday Program

Discover the Children's Garden

Specifically-designed programs at The Ian Potter Foundation Children's Garden at the Melbourne Gardens will take your vacation care group on a journey of discovery.

Children participate in hands-on activities in the Children's Garden, where they will discover the wonderful world of plants through a range of activities that focus on imagining, exploring, creating, planting and ponding.

Group bookings are available for vacation care groups including local council, school and Camp Australia run groups.

Recommended for primary and early childhood children, please contact our education staff to discuss the specific needs of your group. Our professional staff will work with you to design a program that best suits your group.

Programs run for one and a half hours and can be tailored to suit your group's needs and age range.

Choose from two of the following activities: ponding, planting a seedling, potpourri making, or meeting the worms.

Imagining, Exploring, Creating, Planting & Ponding
